The Commission on Peace Officer Standards and Training amends sections of Title 11 of the California Code of Regulations to clarify medical/psychological evaluation reporting requirements and the continuing professional education requirements for screening psychologists. The amendments allow law enforcement hiring authorities to conduct updated background investigations, rather than complete new background investigations, for interim police chiefs under certain circumstances. The amendments also align public safety dispatcher and peace officer selection requirements with each other.

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code. This regulatory action becomes effective on 4/1/2018.
